

# SCMA Elections 2025 - Personal Statements

## 1. Suleman Ahmed

**Position Applied For:** Committee Member

**Personal Statement:** Assalaamu alaykum to all

My name is Suleman Ahmed and I am standing for general Committee Member for SCMA.

At 20 years old, I represent the younger generation of our community, bringing passion, energy and a fresh perspective.

I would like to acknowledge the dedication of the current and past committee/trustees. Their hard work has laid the foundation of our masjid, and my aim is to build upon their legacy with a focus on the next generation.

I am currently a Degree Apprentice Engineer at JLR, studying an engineering degree at Warwick University. On the side, I teach Islamic Studies and dedicate time to mentoring young people, offering advice on university and apprenticeships.

These experiences give me a strong understanding of the challenges our youth face and being close to their age allows me to connect and engage with them more effectively.

I am a regular attendee of Sutton Coldfield Masjid and have actively volunteered, particularly during Ramadan, where I dedicated many evenings to serving the community. I have also contributed to youth evenings focusing on the lives of the Sahaba, helping to support events that combined learning and inspiration.

I believe our masjid should be a welcoming home for all: elders, families, women, and especially our young people. While today's generation is important, it is the next generation who will carry our community forward. With humility and energy, I am ready to bear this responsibility towards my local community, as someone willing to learn, listen, and work hard for the benefit of all.

If elected, I aim to:

- Help our youth feel connected, valued, and empowered to take part in masjid life.
- Support youth education, development, and career pathways.
- Act as a bridge between elders and youth, ensuring that all voices in our community are heard and respected.
- Promote openness, sincerity, and accountability within committee/trustee work.

I humbly ask for your support to build a strong and united community.

JazakAllah Khair.

## 2. Dr Mariam Ahmed

**Position Applied For:** Committee Member

**Personal Statement:** My name is Mariam Ahmed and I am running for a working committee position. Having moved to Sutton Coldfield as a child in 2004, I have seen what it takes to build a Muslim community built on a foundation of faith and brotherhood and how the seeds of true sincerity/Ikhlaas can develop into something fruitful. 20 years later, by Allah's will, we see the fruits of this hard work with the continual flourishing of SCMA. Indeed, I saw first-hand how a small community of dedicated individuals grew into the impressive numbers we see today. Growing up inspired in this environment, important Islamic values were instilled in me from an early age, from strong Muslim leadership to serving the Deen and those around us.

As a well-known and regular attendee of the Masjid, I have a wide reach and familiar face. As a committee member I can be a voice and representative for those who often find themselves without one, with a particular focus on women and children. I am approachable and friendly and therefore confident I will carry this role out well. Navigating life as a young British Muslim, even more so as a female, is challenging. Having a supportive, strong community to lean on is of the utmost importance for both current and future generations and I feel I have the skills to contribute towards this. As one of the founders and leaders of the SCMA Girl's Youth Club, I have a good relationship with the younger generations, I know what resonates with them and more importantly what is needed to ground them in a solid Islamic faith that will be the foundation of SCMA's future.

In my spare time I also teach Tajweed and Arabic. Furthermore I regularly attend the Thursday ladies circle and volunteer at various Masjid activities, including the BIMA Lifesavers annual CPR medical training. I have also volunteered at multiple revert events, and continue to maintain a good relationship with many. One of my aims as a committee member will be to further support and integrate the local revert.

As a Dentist I work well within a team while also demonstrating good leadership. It is a heavily public-facing job where I must tailor my approach to people's specific needs, including those with anxiety, which requires a high level of emotional intelligence and continual problem-solving. Moreover, it requires a calm, level head which is an essential skill for a masjid committee member.

I look forward to utilising my personal and professional skills, to work alongside our excellent and dedicated committee while also bringing something new.

SCMA is a community I hold dear to my heart, that I have grown up with and has very much shaped who I am as a person and Muslim. If I am blessed with the opportunity to be a committee member, I will do my utmost to give back to the community that has given me so much.

## 5. Syed Muhammad Amad Nasim

**Position Applied For:** Committee Member

**Personal Statement:** To the esteemed committee and community of the Sutton Coldfield Muslim Association,

It is with profound respect and a deep sense of commitment to our community that I submit this personal statement. My professional life has been built upon a foundation of diverse experience: as a Senior Manager of Cybersecurity at Canon, the CEO of the luxury brand The Cotton London, and the CEO of the technology firm Black Mirror Solutions Ltd. I believe this unique blend of skills, from technical excellence and digital security to a meticulous focus on quality and brand integrity, can be of great service to our masjid. My aspiration is to help guide our association towards becoming an institution that is not only spiritually fulfilling but also a beacon of modernity, cleanliness, and innovation.

My vision for our mosque rests on two key pillars, both of which are central to my professional expertise. The first is an unwavering commitment to cleanliness and a high standard of physical upkeep. I believe our place of worship should reflect that same dedication to excellence. A pristine and beautiful environment is not merely an aesthetic choice; it is a spiritual necessity. The Prophet Muhammad (peace be upon him) said: "Cleanliness is half of faith." (Sahih Muslim). By upholding the highest standards of cleanliness in every corner of our mosque, we honour this teaching and create an inviting space that instils tranquillity and respect, not only for those who pray, but also for any visitors we welcome.

The second pillar of my vision is to embrace the power of technology and AI to modernize our operations and enhance our community's experience. My experience at the intersection of cybersecurity at Canon and as a technology solutions provider at Black Mirror Solutions gives me a clear understanding of how to build robust, secure, and user-friendly digital systems. I envision a modern, accessible website that serves as a central hub for our community, offering real-time updates, event schedules, and educational resources. Furthermore, I believe we can leverage AI to streamline administrative tasks, improve communication, and even enhance our outreach efforts, all while ensuring the utmost data security for our members. My objective is to create a digital infrastructure that is as secure and sophisticated as the systems I manage professionally, making our association a true leader in the application of technology for communal good.

In conclusion, I am passionate about leveraging my unique background to serve the Sutton Coldfield Muslim Association. By combining a dedication to spiritual cleanliness with technical modernization, I believe we can create a masjid that is a source of immense pride---a truly clean and modern place of worship that stands as a model for communities everywhere.

JazakAllah Khair.

## 8. Dr Mujahid Khan

**Position Applied For:** General Secretary

**Personal Statement:** Moving from Sheffield to Sutton Coldfield was a big journey for our family, but we felt at peace knowing that Sutton Coldfield Mosque was there at the heart of the community. It was close to my son's school and near my workplace, which made our transition even easier.

With joy, my children attend the mosque during Ramadan, I dedicate my time to serving others. I feel privileged to have worked in the mosque in any capacity --- whether through community service, helping during events, or even cleaning and removing rubbish. Every small act feels like a blessing.

The mosque has also been a meeting point with both new and long-established Sutton families, bringing us together in unity and friendship. On top of this, I have been involved in organising Basic Life Support courses for the past few years in the mosque. This has been another gift of the mosque to our area, as it connects us with hundreds of other mosques across the UK, all training people in life-saving skills on the same day.

I truly believe the mosque is central to our hearts, and we should strive for this blessed place to flourish.

With this intention, I will be asking my friends, colleagues, and the wider community to support me so that together we can sustain its environment in the best possible way.

I pray to Allah to help me in this work. JazakAllah khair.

Since 2001, I've witnessed our local Muslim community grow from just a few households into a strong, respected and vibrant presence. Alhamdulillah, this growth comes with increased responsibilities. **Position Applied For:** General Secretary

**Personal Statement:** "Experience, Transparency, and a Vision for a Better-Connected Community"

My name is Muhammad Umer Khan, and I am putting myself forward for the position of General Secretary of the Sutton Coldfield Muslim Association (SCMA).

As a long-standing member of this community and with over 20 years of professional experience leading major Programmes, I have a deep understanding of how to run effective organisations and a passion for serving our community. I believe my skills in leadership, process improvement, and technology can help build upon the great work of our current volunteers and prepare our Masjid for the future.

## 12. Salim Akhtar

**Position Applied For:** Vice-Chairman

**Personal Statement:** My name is Salim Akhtar. I am standing for the post of Vice-Chairman for the SCMA elections.

I have lived in Sutton Coldfield for over 35 years. I am a recently retired Asst Headteacher and I am currently a Magistrate and a Mathematics tutor.

I have had the privilege of serving on the mosque committee for two terms. I strongly believe that it is a privilege to serve on the SCMA committee and whoever is lucky enough to be elected to serve our community must have time to be an active member and be able to participate in mosque activities as well as lead new initiatives. In particular:

I would like to see the Committee and Trustees work together to achieve the best possible provision for our community. I would like to see more community run activities, such as the recent BBQ as well as those organised by the SCMA. At the moment the mosque does offer Janaza prayers but I would endeavour to improve on this and provide further funeral facilities. I would like to enhance our activities involving our youth.

During my previous terms in office I've taken a leading role in various activities and I would like to continue with and enhance these. This includes:

- Fundraising for Iftari provision during Ramadhan
- Supervising the Iftari provision on a daily basis
- Attending and facilitating janaza prayers
- Assisting with various initiatives such as the replacement of Windows
- Volunteering every Friday for assistance with orderly conduct
- Collecting funds for the mosque

May Allah guide who ever is elected to do their best for our mosque and for our community.
